REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The administration, staff, and School Improvement Council at R.B. Stall High School continues to dedicate ourselves to the success of all students. The 2003-2004 school year has been a challenging one. However, we have been very pleased with the improvements we are making.

We have many exciting and innovative programs planned for Stall. We were awarded a Small Learning Communities Planning Grant and a Comprehensive School Reform Grant to implement the High Schools That Work reform model. We implemented a 9th Grade Academy for school year 2004-05 to assist incoming 9th grade students with the transition to high school. This reform will be expanded to include a 10th grade academy in 2005-06 and a career cluster academy model by 2006-2007. The staff instituted a reading initiative and writing across the curriculum campaign. We have expanded remediation programs in all core subjects with students who have academic weakness assessed on PACT, HSAP, or MAPS by providing student safety nets such as the homework center, SAT preparatory classes, pull out programs, and after-school tutoring. We implemented a portfolio-based credit recovery opportunity for students with excessive absences requiring after school and Saturday attendance, and are looking into the feasibility of utilizing PLATO software in a credit recovery program. We hired a Reading Specialist to facilitate the reading initiative, to work one-on-one with students needing assistance with reading, and to collaborate with teachers to improve reading instruction in their content area. We instituted a 4X4 semester block schedule in 2004-2005 to better meet the needs of our students. We are revitalizing the SIC, PTSA, Booster Clubs, volunteering opportunities, and business partnerships through increased parent and community involvement. And we are collaborating with feeder middle schools to ensure vertical alignment of programs and curriculum.

Together, we have faced the challenges presented for us without hesitation and have done our best to make our school a better place in which to learn and work. We look forward to a rewarding school year in 2004-2005 as we move toward our goal of providing a school where all students can achieve academic success.
